Proven Success

Kentwood Public Schools

"Tenurgy was prompt with their service and quick to gather historical data from our accounts. Within a few weeks, we were provided with a detailed summary of their findings. To our surprise, they were able to find us significant savings in our utility bills."

Michael Zoerhoff
Superintendent

Holton Public Schools

"After an in-depth analysis, Tenurgy found incorrect billing on our utility accounts which dated back over ten years. They worked with the utility company to get a refund for our district that totaled over \$40,000."

Kurt Jeffries
Facilities Director

Eastern Michigan University

"With Tenurgy's assistance, Eastern Michigan quickly began realizing savings on our utilities, and we are on track to save \$300,000 to 50,000 annually."

John Donegan
Vice President for Operations
and Facilities
